Our Vision:

We believe in a world where people reach their full potential, feel positive about themselves, valued and connected to others and the wider community.

Our mission statement:

We will create an inclusive person-centred environment where people feel empowered to develop skills, build positive relationships and enjoy an ongoing sense of belonging.

GCP Core intended social impact outcomes (upon which we measure our social impact) are detailed below:

- 1. To create an inclusive community for all individuals facing social exclusion by lack of opportunity, skills and aspiration, where they can achieve greater self-esteem, improved employment skills and a purpose in life.**
- 2. To create an inclusive community where individuals can through membership and volunteering contribute to the well-being of those facing social exclusion.**
- 3. To manage and sustain the building which provides the home for GCP, moving the project towards self-sufficiency through social enterprise.**
- 4. To maintain and sustain GCP as a partnership project, comprising Greyfriars Kirk, the Grassmarket Mission, statutory and voluntary agencies, local businesses and local residents.**
