Thank you for choosing our award-winning event hire service today. EVERY TIME you choose us as your events service, you are directly supporting the essential work of the Grassmarket Community Project.

Throughout the year, GCP provides support and opportunities for hundreds of vulnerable people in Edinburgh. We take an innovative approach to creating community, providing sanctuary and support to people dealing with multiple complex issues. These include homelessness, mental/physical health problems, learning difficulties, poverty, substance misuse, physical abuse and more.

Through social enterprise, mentoring, education and support in a nurturing environment, the Project creates opportunities for those furthest from mainstream education and employment. Individuals develop skills and confidence, re-connect with themselves and their community, and improve their overall health and wellbeing.

Thank you for your support,
